Vision One® discount program

Save on eyeglasses,
frames, contact
lenses, LASIK and
more!

We want you to knowSM

The eye-opening

It's easy, with the Vision One discount program. It helps you save on eyeglasses, sunglasses, contact lenses and solutions, LASIK, and so much more! Best of all, it's *automatically* included with Aetna health benefits and health insurance plans, so you don't pay any extra to get the program!

Use the discount over ... and over again!

That's right — there's no limit to how often you can use your discount. So grab a pair of fun summer shades. Then stop back for serious spectacles for that new job — we won't mind! You'll get a discount *each* and *every* time you purchase a product or service from one of our participating locations.

Save on eye exams!

Most participating locations have doctors of optometry practicing right on the premises or at a nearby location. So even if you don't have eye exam coverage through your health benefits plan, you can still get a great rate on eye exams for eyeglasses or contact lenses. Check the schedule on the back of this flyer for details.

Already have eye exam coverage? The Vision One program is a great way to supplement your insurance coverage! Covered eye exams are available from most participating locations. But remember — check your plan requirements first, since your out-of-pocket expenses could be lower.

Thousands of locations to choose from

The EyeMed* network offers a wide selection of optical centers, including Target Optical®, participating Sears Optical® and Pearle Vision® locations, plus our newest addition — Lenscrafters®. You also have a broad range of independent optometrist and ophthalmologist offices at your service, so you may already have one in your very own hometown!

LASIK surgery just got more affordable. Not only do you save on the procedure, you also receive education, an initial screening and follow-up care — all wrapped into the discounted price.

Best of all, the initial consultation is always free, even if you choose not to have the surgery.

Here's how to get started:

1. Call the U.S. Laser Network at 1-800-422-6600 to schedule your FREE consultation. Our LASIK information specialists can help you find and choose a nearby doctor.
2. The doctor's office will contact you directly to schedule your free consultation (unless you'd rather contact the doctor directly).

3. Still ready to proceed? Schedule the surgery and call the U.S. Laser Network for instructions on submitting your \$100 deposit. It's 100% refundable if you don't have the surgery.
4. Check with your surgeon's office for convenient payment arrangements or pay the discounted price before your surgery date.
